Email news: news@timestelegram.com

Politicians *care* about press coverage that reflects on their policy positions, votes, appearances, and public statements. It takes effort for constituents to write and send such letters, and since they may have a wide local audience, they *matter*. Congressional staffers keep portfolios of such letters. Good letters are short, polite, and focused. Most outlets prefer letters of less than 200 words. Include your full name, address, and phone number.
